

Jitterbuggin'

Heatwave

Back in the 60's they were twistin'
The 70's brought disco alive
And out would go dad and mum were having big fun
Just rockin' and a rollin' in the age of the jive

So if you've got a screemin' feelin' down in your shoes
Here's what you do

They call it jitterbuggin' all through the night
Come out jitterbuggin' tonight
We're going jitterbuggin' til morning light
We're all jitterbuggin' tonight

Hey Mr. Sunrise don't you realize
That you only get to live your life once
No use in stayin' out to lunch
Just roll with the punch
There ain't no time for walkin' everyday is a dance

So if you've got a screemin' feelin' down in your shoes
Here's what you do

They call it jitterbuggin' all through the night (jitterbuggin'...)
Come out jitterbuggin' tonight (every night)
We're going jitterbuggin' til morning light (jitterbuggin'...)
We're all jitterbuggin' tonight (doin' it right)

Let's see ya smokin' with your own interpretation
Dance with the rhythm with of the street in your life
It never changes at all the beat keeps burning on bright

So if you've got a screemin' feelin' down in your shoes
Here's what you do

They call it jitterbuggin' all through the night (jitterbuggin'...)
Come out jitterbuggin' tonight (every night)
We're going jitterbuggin' til morning light (jitterbuggin'...)
We're all jitterbuggin' tonight (doin' it right)

Let's see ya smokin' with your own interpretation
Dance with the rhythm with of the street in your life
It never changes at all the beat keeps burning on bright

I've got the winkin' feelin' every night
Just getting down before we get old
We're gonna dance til the dawn
Come back for some mo
Ain't no one gonna stop us cause we're ready to go

So if you've got a screemin' feelin' down in your shoes
Here's what you do

They call it jitterbuggin' all through the night (jitterbuggin'...)
Come out jitterbuggin' tonight (every night)
We're going jitterbuggin' til morning light (jitterbuggin'...)
