

# Liberty

Heavenly

Don't save the world it's too late  
They said.. we will goes through the time  
Running up to the sky higher to changing the way  
Reaching the power to liber..liberty..

Are you crawling here below?  
Vile mint sense blood  
Shad the cold  
Going down to the ground  
And close to the edge  
Just coming(coming)  
Calling me away..

Nothing Spill out in my pride.  
The prophecies will never dies  
Screaming warning after warning  
Cries and burns in the air  
Just coming(coming)  
Calling me again..yeah

They hurt so much souls  
When the creature be bless(blast)  
Back to the crawling rip compared side  
Now we'll get our revenge..i can't hide  
My revolution is riding through the night  
Can you feel the pain?..i cannot die..  
The domination will defeat that kind!

Are you bent fight shooting burst?  
The warriors higher than dues  
Mission hide from the precision(precision)  
Rebelling sack want to survive  
The prophecies that you stole from mine  
Carrying on to fill the glory  
The victory that we won  
Just coming(coming)  
Calling me away..ooo  
Calling...calling..ooo

Don't save the world it's too late  
They said.. we will goes through the time  
Running up to the sky higher to changing the way  
Reaching the power to liber..liberty..

Don't save the world it's too late  
And end up we are asking the faiths  
Fighting eternally.  
(don't kill me now,wait until too late)  
Mine is eternally  
Lead me to crowning your aid.

Don't save the world it's too late  
They said.. we will goes through the time  
Running up to the sky higher to changing the way  
Reaching the power to liber..liberty..
