

## Choose Sides

(Hed) P.E.

This some loud shit  
I'm waking up  
Put your guns down, let's get organized  
It's the worldwide hardcore family  
Standing in solidarity  
Who's side you on?  
Frontline last call one time we the worldwide anti heroes  
Who's side you on?  
Better cry for the worldwide poverty stricken god damn  
Who's side you on?  
Choose wisely, step aside or get behind me  
Who's side you on?

We've come such a long way  
We're so fun to go  
Beyond the horizon  
So so far from home

Voltaire, I stand the reason  
Cold air  
My critics thinking I'm Atheist  
It's clinical, I'm never getting through the madness  
Lust with x-ray vision

She threw the veil  
She threw the lies  
She come to program about my life she say  
Kidnap, carjack, home invasion  
Know your history, know your enemy

She threw the veil  
She threw the lies  
She come to program about my life she say  
Kidnap, carjack, home invasion  
Know your history, know your enemy

Follow up with the generation
