

## Closer

(Hed) P.E.

Arm-a-ged-de-on  
Showdown Babylon  
No conspiracy  
Murdah, murdah  
Bullets and bomb em  
With the truth, love, light  
Let the devil be warned  
I know my enemies  
Power hungry killers and thieves

I'm a nightmare  
I am the American Dream  
Son this is madness  
Taking on The Powers That Be

It just takes one  
To change the world  
To change the tide  
What you need to do  
Is change your mind

Me, I'm a vampire killer boy  
I stay ready  
I'm Jack the Ripper  
Fucking Godzilla  
I'ma Rock you like a Hurricane  
So hard  
I'm a creep  
I'm a shooting star  
I'm supernova

Nothing ventured  
Nothing gained  
Its better to have lived and loved  
Than to live and die in vain  
Nothing ventured  
Nothing gained  
You take nothing for granted  
When you're closer to the grave

See how we bury them  
Slow down genocide  
For my Family  
I kill em all, and let Jah decide  
I got the truth, love, light  
And the force on my side  
A Jedi Battle the Empire  
Til the day that he die

I'm a Renegade  
I'm about to change the world  
So move back son  
Recognize the Law of Attraction

I'm just a father  
Trying to raise the sun  
Stop the rain

What you need to do  
Is stop complaining

I'm a hustlah baby  
I'm a serial killah  
I'm Jack the Rippah  
I'm fucking Godzilla  
I'm back in black  
Mommy I rock you so hard  
I'm a freak  
I'm a shooting star  
I'm supernova

Nothing ventured  
Nothing gained  
Its better to have lived and loved  
Than to live and die in vain  
Nothing ventured  
Nothing gained  
You take nothing for granted  
When you're closer to the grave  
Closer to the grave  
Closer everyday...
