

# Dangerous

(Hed) P.E.

Something's got me falling apart  
Something's got me losing all hope in you  
Something's got me under control  
I'm dangerous...dangerous

I know that you can feel me  
Everything is not okay  
I've got the solution  
Let's fuck it all away

My face on you  
My mouth on you  
My weight on you  
My faith in you

I'm drinking, and I'm falling apart  
I'm drinking, and I'm losing all hope in you  
I'm sinking, and I'm out of control  
I'm dangerous...dangerous

I know that you can feel me...

My face on you...

I know that you can feel me...

My face on you...
