

## Depththroat

(Hed) P.E.

[Caller:] "My question is that my boyfriend is pretty well-endowed"

[Sue Johanson:] "Yes?"

[Caller:] "And he loves oral sex. My problem is I can't seem to go down deep enough for him."

[Sue Johanson:] "Ok."

[Caller:] "And I was wondering how to do that. You know go deep er to pleasure him more."

[Sue Johanson:] "Yeah, and actually you know, umm, I always say don't think that you have to take the whole penis into your mouth. Ok, so what you do is start off with kissing, licking, and sucking and then you, you ahh, just take the head of the penis in you mouth. Cuz you see, you got teeth then you got hard palate, behind that you've got soft palate and behind that you've got a gag reflex. So if you think that you're gonna take that whole thing in your mouth, you're gonna throw up. That's not fun ."

[Caller:] "Right..."

[Sue Johanson:] "So just take the head in your mouth, ok and then you drool and you allow saliva to flow down the shaft of his penis."

[Caller:] "Um Hmm"

[Sue Johanson:] "So it's all lubricated and then you grip it with your hand and you coordinate head/hand movements."

[Caller:] "Ok."

[Sue Johanson:] "Ok."

[Caller:] "I wanted to do something special for him."

[Sue Johanson:] "Well, there you go, you got it."

[Caller:] "Ok, thank you."

[Sue Johanson:] "Alright, dear."
