

Enough Secrecy

(Hed) P.E.

If we are passive
We are enabling the controllers
And therefore we must rise up
Not in violence
But in peace
But with one voice
Without fear
And we'll say
Enough of the secrecies
Enough of oil
Enough of economic slavery
Enough of the wars
It is time for a new civilization
And we will see that it will be born
In our lifetime
In the coming months and years
