

Hate (Is The Weapon)

(Hed) P.E.

Cause hate is the weapon
And nothing has changed
All your regrets will be in vain
It's my pleasure to bring you pain
I'll taste the salt cut you open again
And again and again
I will hurt you until you love me

Just don't care what you say
Hate is the weapon
Fuck these war games you play
Hate is the weapon
Just don't care what you say
Hate is the weapon
Money talks bullshit walks
Don't care what you say

Cause hate is the weapon
And nothing has changed
All your regrets will be in vain
It's my pleasure to bring you pain
I'll taste the salt cut you open again
And again and again
I will hurt you until you love me

Just don't care what you say
Hate is the weapon
Fuck these war games you play
Hate is the weapon
Just don't care what you say
Hate is the weapon
Money talks bullshit walks
Don't care what you say

Cause hate is the weapon
And nothing has changed

Just don't care what you say
Hate is the weapon
Fuck these war games you play
Hate is the weapon
Just don't care what you say
Hate is the weapon
Money talks bullshit walks
Don't care what you say

Cause hate is the weapon
And nothing has changed
