I'm bout ta ignite
Explode into your body

Fire Fire burn mommy
I know you want it
You like a good girl
But Jah know that you dirty
Me? I'm a bad man
I take you down
And murdah ya murdah ya

Me luya long time
Me take ya far away
To a place they'll neva find ya
Me luya long time
Forever and a day
There is no escape
Forever you will pay for my obsession

Eat you alive
Forever you will pay for my obsession

You always hurt
The one you love

I'm bout ya
Love you, hate you
Dismember your body

You like a virgin
But Jah know that dirty

I take you home and
Murdah ya murdah ya

Me luya long time
Me take ya far away
To a place they'll neva find ya
Me luya long time
Forever and a day
There is no escape
Forever you will pay for my obsession

Eat you alive
Forever you will pay for my obsession

You always hurt
The one you love

Me luya long time
Me take ya far away
To a place they'll neva find ya
Me luya long time
Forever and a day

There is no escape
Forever you will pay for my obsession

Eat you alive
Forever you will pay for my obsession

You always hurt
