

# No Way Out

(Hed) P.E.

No way, no way out  
No way, no way out  
No way, no way out  
No way, there's no way out

We all built to last  
Ready for whatever in the land of the lost  
Cash, ass or grass  
You can't outrun the long hand of the law  
We all back in black  
We comin' outta hiding  
We back on track  
We won't die  
My people multiply  
We change form  
Adapt, metamorphosize  
Big words  
Get em, got em... wassup?  
Fuck what you heard  
This a unified front  
Full of misfits and mutts  
Whiskey and blunts  
We stand with the righteous  
But who'll stand with us?

When the ship go down  
It's family first  
Go to war, go to sleep, go to work  
Hold up  
No retreat, go berserk  
Hold up  
I eat em up like I'm all grown up

I get goin'  
On my time  
I move forward  
I'm all in  
Let's go  
No way out but thru  
No way out we know  
No way, no way out  
No way, no way out  
No way, no way out  
No way, no way out  
No way, there's no way out

Boy watch yourself  
Anything goes in the land of the lost  
Boy this life is savage  
You cannot outrun the long hand of the law  
I got the world in my hand  
Don't make me leave here without fuckin' you  
Be cool  
Ya know we been thru too much  
Burn shit up  
Ghetto blast  
Turn shit up  
Fuck it, fuck em

Do it, wassup?  
Fuck what you heard  
This a unified front  
Full of Baldies and mutts  
Antifascia  
We stand with the weak  
But who stand with us?

When the shit go down  
It's family first

Hold up  
No retreat, go berserk  
Hold up  
I eat em up like I'm all grown up

I get goin'  
On my time  
I move forward  
I'm all in  
Let's go  
No way out but thru  
No way out we know  
No way, no way out  
No way, no way out  
No way, no way out  
No way, there's no way out

We don't need no invitation  
This is not that kinda party  
I don't talk to strangers  
Back up, don't talk to me  
We are the uninvited  
Posted up  
Part of the scenery  
Don't make a scene  
It don't mean that much to me

This dream got the best of me  
There's just a little bit left for me  
Always left for me  
Not enough for me  
It's never enough to see  
We all make a scene  
Then fade into the scenery

With these four walls  
The only way out is up  
Now who's with me?

No way, no way out  
No way, no way out  
No way, no way out  
No way, there's no way out  
No way, no way out  
No way, no way out  
No way, no way out  
No way, there's no way out

There's no way out  
There's no way out  
There's no way out  
There's no way out

There's no way out  
There's no way out  
There's no way out  
There's no way out
