

# Noapologies

(Hed) P.E.

My mind feel like a minefield  
Meanin' these thots could get ya killed  
I love the taste of how the night feel  
Meanin' I'll eat up all this darkness in you

I keep the demons at bay  
No we never been afraid  
Son of the sun god  
Son of the master and slave  
Now look what America made  
A product of all that ya hate  
Passed down thru the ages  
Yea I got that DNA  
Yea I got that PMA  
I got that PTSD  
This anxiety's real  
I know they comin' for me

We got that short fuse  
One time I'ma warn you  
I got that fire  
Yea I'ma warn you  
Everyday go to war  
Close the cage, lock the door  
No wannabees, no apologies

It's just another day  
It's just another body in the way  
Another casualty  
You should be proud of me  
Don't take it personal

It's just another day  
It's just another body in the way  
Another casualty  
You should be proud of me  
Don't take it personal

Listen, it's never personal  
It's never a competition  
It's all about survival  
You love to talk but hate to listen  
When you stress out like I do  
It's not hard to find a reason  
No I can't walk away, I always show up  
Carpe diem

I'll be the last one standing  
Meanin' I turn out your lights  
Nice guys finish dead last  
Road kill, deer in the headlights  
I ain't takin no prisoners  
Someone gon die tonight  
If somebody said that I'm sorry  
Then someone done lied tonight  
I'll do whatever it takes  
I'm comin' for your neck

Do it for the family and the check  
Fuck you and fuck respect

We got that short fuse  
One time I'ma warn you  
I got that fire  
Yea I'ma warn you  
Everyday go to war  
Close the cage, lock the door  
I can't apologize for this homicide

It's just another day  
It's just another body in the way  
Another casualty  
You should be proud of me  
Don't take it personal

It's just another day  
It's just another body in the way  
Another casualty  
You should be proud of me  
Don't take it personal

My mind feel like a...  
My mind feel like a...  
My mind feel like a...  
My mind feel like a minefield (Minefield!)

Meanin' these thots could get ya killed  
I love the taste of how the night feel  
Meanin' I'll eat up all this darkness in you  
I can't apologize for this drive-by

It's just another day  
It's just another body in the way  
Another casualty  
You should be proud of me  
Don't take it personal

It's just another day  
It's just another body in the way  
Another casualty  
You should be proud of me  
Don't take it personal

Don't take it personal
