

One More Body

(Hed) P.E.

Yeah
Uh
Yeah
One more body
Feed the machine
Gotta keep it running
The gears crush the limbs of the poor
Gotta keep em coming
The bodies they pile up
One by one
And the grinder spits bones and brains just for fun
Bleed the machine
Gotta keep on fighting the shadows until the darkness fades
Gotta keep on lighting the way
We grind up
The greed the fear and the hate
So wake up or be swept away
I'm nobody's victim
I'm the predator not the prey
I'm much more than a number
The coffin can wait
How can you sleep
When your bed is on fire
I don't wanna be
One more body for the grinder
One more body
Light em up
One more body
Grind em up
One more body
Grind em up
One more body
Grind em up
Yeah
Yeah
Feed the machine
Gotta keep it burning
The gears crush the hopes and the dreams
Gotta keep em turning
The bills they pile up
We live and learn
And a mother just cries herself to sleep
She goes unheard
Bleed the machine
Gotta keep on fighting the shadows until the darkness fades
Gotta keep on lighting the way
We grind up
The greed the fear and the hate
So wake up or be swept away
I'm nobody's victim
I'm the predator not the prey
I'm much more than a number
The coffin can wait
How can you sleep
When your bed is on fire
I don't wanna be
One more body for the grinder

One more body
Light em up
One more body
Grind em up
One more body
Grind em up
One more body
Grind em up
No way out
It feels like there's
No way out
It feels like there's
No way out
It feels like there's
No way out
So fuck off
Yeah
I'm definitely facing madness
Walking through the valley of death
But I cant give in
No I won't give in
No I can't give in
No no no no no
I'm nobody's victim
I'm the predator not the prey
I'm much more than a number
The coffin can wait
How can you sleep
When your bed is on fire
I don't wanna be
One more body for the grinder
One more body
Light em up
One more body
Grind em up
One more body
Grind em up
One more body
Grind em up
