

Shadowridge

(Hed) P.E.

She make it so so good
Like a dream
Keep her man faithful
Like a slave
Make a bad man
Settle down and behave
Forever she shine
Never fade away
Her pumpum, so tight
Me wan live there
All day and night
Make a bad man
Wanna do right
Become a Jedi
Turn away from the darkside

I never knew
A love could be like this
Am I worthy?
No, no
I'll never be the same
Now that I've had a taste
I'm addicted
Nothing can change your mind

She make a grown man weak in da knees
Can't stand up, can't eat, no sleep
She a bad girl
So fresh and so clean
We can make a baby
Me wan make her wifey
Her needleye pumpum, so tight
She ride it like a bike
All day and all night
She make a bad man
Never ever cheat
Never let you down
Forevah we a family

I never knew
A love could be like this
Am I worthy?
No, no
I'ma never be the same
Now that I've had a taste
I'm addicted
Nothing can change your mind

I surrender all this vanity
I'd throw it all away
Just to walk onto this battlefield
With you, with you
I surrender insecurity and jealousy
Just to ride up
Onto Shadowridge
With you, with you

She make it so so good
Like a dream
Keep her man faithful
Like a slave
Make a bad man
Settle down and behave
Forever she shine
Never fade away
Her pumpum, so tight
Me wan live there
All day and night
Make a bad man
Wanna do right
Become a Jedi
Turn away from the darkside

I never knew
A love could be like this
Am I worthy?
No, no
I'll never be the same
Now that I've had a taste
I'm addicted
Nothing can change your mind

I never knew that love could be like this
I was addicted after just one kiss
I was a junky when she put it in her mouth
She never took it out
It had this nigga turning inside out
Real talk
It had me trippin' on some dirty shit
On the perverted tip
She call me daddy
I lick her face
And suck those perfect lips
Until she bleed
I make her cry
I make her beg for her life
Then kiss her pussy all night

But now I'm all in love
And gotta make her wifey
Gotto do da right thing
So we can build a lifey
I'ma real bad man
But I got a good thing
So I gotta be strong
R-r-r-ta-ta-ta-tawn-ting

Her needleye pumpum, so tight
She ride it like a bike
All day and all night
She make a bad man
Never ever cheat
Never let you down
Forevah we a family
