

Stand Or Fall

(Hed) P.E.

Some things you can't control
Still you keep wasting all your time
Crybaby, play the victim
Time to dry your eyes
Your entitlement
Is not a thing
No it never was
Our time is now
This environment
Feeds on hate and fear
Of the other one...
Who's laughin now?

We stand or fall as one
We stand or fall as one

Now on level ground
Hear the riot
Feel the sound
Why so insecure?
So afraid
So unsure
808 I ring the bell
Violence? You know it well
Not a victim or a thug
A high tide lifts us all

Some things you can't control
Still you keep wasting all your time
Crybaby, play the victim
Time to dry your eyes
Your entitlement
Is not a thing
No it never was
Our time is now
This environment
Feeds on hate and fear
Of the other one...
Who's laughin now?

We stand or fall as one
We stand or fall as one

Now on level ground
Hear the riot
Feel the sound
Why so insecure?
So afraid
So unsure
808 I ring the bell
Violence? You know it well
Not a victim or a thug
A high tide lifts us all
