

This Fire

(Hed) P.E.

You can't fight it
No! You can never win

So stop tryin
This light will keep burnin

I fear nothing
I like to feel the pain

Your eyes crying
The spirit will remain

This fire will burn - Forever light up the night of nights

This fire will burn - I'm all dressed up - I'm ready to fight

This fire will burn - Let's Go! I'm tired of fuckin around

This fire will burn - The masters house right to the ground

Through pain and sickness
We will rise again

In moments of weakness
The spark will never end

This is a promise
We will never fail

End what you started
The family will prevail

This fire will burn...

This little light of mine
I'm gonna let it shine
