

Timeofmylife

(Hed) P.E.

I don't really give a motherfuck
Just let me ride

Savage all my life
Rocking all my life
My way, my grind
You do your thing, I'm alright
Wanted dead or alive
Born to kill, survive
Can't take away my pride
My heart's on my mind

My heart's on my mind
And I saw all the signs
Respect me or retire
Respect me or kick rocks
I don't really give a motherfuck
Just let me ride
You do yours, I'll do mine

I'm livin' in hope
I'm livin' in fear
I'm livin' in the time of my life
I'm livin' in hope
I'm livin' in fear
I'm livin' in the time of my life

Livin' in the time of my life
Livin' in the time of my life
Livin' in the time of my life
Live or let die
Just let me ride

You tap in or tap out
Fall in or fall out
You washed up, washed out
You clock in or clock out
It's time in and time out
You fall in love, fall out
If you not in love, you out

My heart's on my mind
And I saw all the signs
Respect me or retire
Respect me or kick rocks
I don't really give a motherfuck
Just let me ride
You do yours, I'll do mine

I'm livin' in hope
I'm livin' in fear
I'm livin' in the time of my life
I'm livin' in hope
I'm livin' in fear
I'm livin' in the time of my life

Livin' in the time of my life

Livin' in the time of my life
Livin' in the time of my life
Live or let die
Just let me ride

I don't need no permission to be myself
I'm livin' my best life
That got you mad as hell
You don't need no permission to be yourself
So be yourself
You can't be no one else
No one else

Livin' in the time of my life
Livin' in the time of my life
Livin' in the time of my life
Live or let die
Just let me ride

I'm livin' in hope
I'm livin' in fear
I'm livin' in the time of my life
I'm livin' in hope
I'm livin' in fear
I'm livin' in the time of my life

Livin' in the time of my life
Livin' in the time of my life
Livin' in the time of my life
Live or let die
Just let me ride
