

# Universal Peace

(Hed) P.E.

And where were going to be going  
For the next 500,00 years  
Yes 500,000 years  
Because we are at a time in history  
Where one big cycle is closing  
And another cycle is opening  
The duration of which will be  
5,000 centuries on earth  
Of unbroken peace  
Of universal peace  
And at the end of that cycle  
We  
Our descendants  
Will be extraterrestrial visitors  
To other worlds  
Helping those planets  
  
That's our future  
And actually it has already happened  
Because time doesn't exist.
