

Waste

(Hed) P.E.

I just wanna love you
Drown you in the truth
Take away your ignorance
Liberate the youth
Its not a crime
To try and save the human race
Religion, division and hate
Are just a waste of time...
Waste of time! It's all a fucking waste of time!
Fucking waste of time! You're fucking useless

We want free energy
Across the human sea
Anti-gravitational
The light is calling me
Its not a crime
To try and save the human race
Religion, division and hate
Are just a waste of time...
Fucking waste of time! It's all a fucking waste of time!
Fucking waste of time! You're fucking useless

We're not looking for a free ride
We're just tired of the middle class genocide
All your religion is a fucking waste
I'd rather go to hell than be a brainwashed slave

Bloody hands, Bloody face
Blood is on the TV screen
Mesmerize the elderly
Embracing bloody policy

Give em hell, Wish em luck
Never give a single fuck
They don't know and never will
Why they send their sons...
To be killed
