

# Salvation

Hedegaard

I can't do this on my own  
No one knows what's underneath  
I'm begging for salvation please  
Don't let me ruin me  
Got a heart that's made of stone  
Trying to chip away each piece  
I wanna feel it beat some more  
But I'm losing energy  
I wanna know love again  
I wanna taste how it feels  
You got all the answers baby  
When you touch me I know it's real  
I can give you everything  
But can you give it back to me?  
'Cause that's how it's supposed to be

I know  
Something is coming  
It's so close that I can taste it  
Almost taste it  
So don't  
Don't keep me standing and begging you for salvation  
'Cause I need love right now  
Put your hands on me  
Get me drunk right now  
That's how love should feel  
I need love right now

I can't do it on my own  
But I see what's underneath  
You're begging for salvation but  
You don't know what it means  
I'm no preacher but  
I can teach ya  
Teach ya how to hold my hand

I know  
Something is coming  
It's so close that I can taste it  
Almost taste it  
So don't  
Don't keep me standing and begging you for salvation  
'Cause I need love right now  
Put your hands on me  
Get me drunk right now  
That's how love should feel  
I need love right now

I know  
Something is coming  
It's so close that I can taste it  
Almost taste it  
So don't  
Don't keep me standing and begging you for salvation  
'Cause I need love right now  
Put your hands on me  
Get me drunk right now

That's how love should feel  
I need love right now  
I need love right now  
I need love right now
