

Still In Da Disco

Hedegaard

Still in la disco
Still in la disco

Your girl tripping down the stairs right now
She call your name but the base so loud
And now you heading my way somehow
I'll put in work If you let me

The room spinning on your head right now
Day and night is all a blur, swear down!
But my hands on your waist somehow
Calipso don't test me yeh

I know you're ready girl I got plans for you
Just like you want me to

One (one) two
And three And four

It's 5 am and I'm still in la disco
La disco
It's 5 am and I'm still in la disco
Calipso
It's 5 am and I'm still in la disco
La disco
It's 5 am and I'm still in la disco
Calipso

Bar man don't make me wait right
Brown liquor for the bae, hurry up!
In my feelings want that foreign tongue
Talk to me dirty yeah,

You body all over the place yeah
Lips glossy, champagne gold
You bossy when you're wasted
So wavy, can't say no

I know you're ready girl I got plans for you
Just like you want me to

One (one) two
And three And four

It's 5 am and I'm still in la disco
La disco
It's 5 am and I'm still in la disco
Calipso
It's 5 am and I'm still in la disco
La disco
It's 5 am and I'm still in la disco
Calipso

Can you feel me?
Calipso
It's 5 am and I'm still in la disco
La disco

It's 5 am and I'm still in la disco
Calipso
