

That's Me

Hedegaard

Nobody, nobody
Yeah, that's me
Nobody, nobody
Yeah, that-at-at
Nobody, nobody
Yeah, that's me

My body is an ocean
I'm swimming in emotion
I follow every motion
Holding, soaking, holding on
Your body is a lighthouse
You got 'em in to paradise
Keep it shining on me all night
We don't ever have to be alone
Follow every lead and bring me home

Who do you call when you need someone?
Who do you touch when you need some love?
Who do want as your one only?

Yeah, that's me
Yeah, that's me
Fuck you to sleep like a melody
You never need another remedy
Who do want as your one only?
Yeah, that's me
Yeah, that's me

Nobody, nobody
Yeah, that's me
Nobody, nobody
Yeah, that-at-at
Nobody, nobody
Yeah, that's me

Your rhythm is Ecstasy
You touch is insanity
Your body is sex to me
We don't ever have to be alone
Follow every lead and bring me home

Who do you call when you need someone?
Who do you touch when you need some love?
Who do you want as your one only?

Yeah, that's me
Yeah, that's me
Fuck you to sleep like a melody
You never need another remedy
Who do you want as your one only?
Yeah, that's me
Yeah, that's me

Nobody, nobody
Yeah, that's me
Nobody, nobody

Yeah, that-at-at
Nobody, nobody
Yeah, that's me

Day and night
Rhythm's right
You and I
Making love like worship
Baby worship

Day and night
Rhythm's right
You and I
Making love like worship
Baby worship

Who do you call when you need someone?
Who do you touch when you need some love?
Who do you want as your one only?

Yeah, that's me
Yeah, that's me
Fuck you to sleep like a melody
You never need another remedy
Who do you want as your one only?
Yeah, that's me
Yeah, that's me

Nobody, nobody
Yeah, that's me
Nobody, nobody
Yeah, that-at-at
Nobody, nobody
Yeah, that's me
