

TWINKLE

Hedegaard

Live for today the night is ours
Shining bright like Neon Stars
Live for today the night is ours

Live for today the night is ours
Lit like a lightning strike in the dark
Live for today the night is ours, (yeah, yeah)

Twinkle, twinkle, bitch
Swear I'm off my tears
Going hard, living fast
Seeing you Neon Stars

Twinkle, twinkle, bitch
They can't do it like this
Going hard, living fast
Seeing you Neon Stars

Neon Stars
Twinkle, twinkle, bitch
Twinkle, twinkle, bitch
Twinkle, twinkle, bitch

Twinkle, twinkle, bitch
Swear I'm off my tears
Going hard, living fast
Seeing you Neon Stars

Twinkle, twinkle, bitch
They can't do it like this
Going hard, living fast
Seeing you Neon Stars

On the top of the world field
So fresh looking brand new
And I brought these bars straight from Mars
'Cause that's how stars shoot
Too high to be down on earth
How my name ring off alert
Pull up in a new spaceship like it's back to the future
Put it back on reverse
You mind?
Take a look up in the sky
Just arrive on the starship enterprise
Bitch I'm fly
Gravity can't hold me down
Bad bitch see, wanna know me now
Out of space, they know the sound, (aah)

Twinkle, twinkle, bitch
Swear I'm off my tears
Going hard, living fast
Seeing you Neon Stars

Twinkle, twinkle, bitch
They can't do it like this
Going hard, living fast

Seeing you Neon Stars

Neon Stars

Twinkle, twinkle, bitch

Twinkle, twinkle, bitch

Twinkle, twinkle, bitch

Twinkle, twinkle, bitch

Swear I'm off my tears

Going hard, living fast

Seeing you Neon Stars

Twinkle, twinkle, bitch

They can't do it like this

Going hard, living fast

Seeing you Neon Stars
