

Goodbye

Hedley

Goodbye to your ideas about
The way things should have been
It was a nice try, that doesn't mean
That's gonna make me let you in

No I'm not crazy, this is not amazing
You are not a problem worthwhile saving

It could be worse, I could be you
I could be out of luck and that would never do
I'm liking my clothes, I'm safe in my shoes
I'm glad you're gone and I don't got a lot to lose
Everybody knows I'm not crazy, you are not amazing
This is not a problem, I'm just saying goodbye

Oh oh oh oh oh, woah-oh

So long to spending hours
Staying up until you call
You've never been wrong
That doesn't mean that you're never gonna fall

No I'm not crazy, this is not amazing
You are not a problem worthwhile saving

It could be worse, I could be you
I could be out of luck and that would never do
I'm liking my clothes, I'm safe in my shoes
I'm glad you're gone and I don't got a lot to lose
Everybody knows I'm not crazy, you are not amazing
This is not a problem, I'm just saying

And I don't really wanna know you played me
It doesn't make me any better if I'm caring at all
And I don't really wanna know you played me
You're not crazy, you are not amazing,
This is not a problem, I'm just saying goodbye

Oh oh oh oh oh oh, woah-oh

It could be worse, I could be you
I could be out of luck and that would never do
I'm liking my clothes, I'm safe in my shoes
I'm glad you're gone and I don't got a lot to lose
Everybody knows I'm not crazy, you are not amazing
This is not a problem, I'm just saying goodbye

Oh oh oh oh oh oh, woah-oh
Goodbye
