

# Got Love

Hedley

If you had dollar  
Would you send it my way  
Everybody's crashin'  
Life, it ain't a highway  
Climbing up the walls  
But it's not about the falls  
It's how you stand

Yeah I'm faster than your pastor  
Leave 'em in the past there  
Love and make it last here  
Ignorance so last year  
We'll be doin' fine, turnin' water into wine on our own

Keep your head up strong and  
You'll get lost less often  
Feel your heartbeat, follow it now

Start by putting one foot in front of the other  
Look out for your sister, stand up for your brother  
What you give is all you get, if you got love, give it up  
If you got love  
What you give is what you get, if you got love, give it up

So if I call you maybe  
You find out I'm crazy  
Would you still believe me  
Would you leave me baby  
If the sky was falling, who would you be callin' now

Start by putting one foot in front of the other  
Look out for your sister, stand up for your brother  
What you give is all you get, if you got love, give it up  
If you got love  
What you give is what you get, if you got love, give it up

People stop taking, everything's breaking  
We best be waking up, or we're going down  
Way down

Keep your head up strong and  
You'll get lost less often  
Feel your heartbeat, follow it now

Start by putting one foot in front of the other  
Look out for your sister, stand up for your brother  
What you give is all you get, if you got love, give it up  
If you got love  
What you give is what you get, if you got love, give it up

People stop taking, everything's breaking  
We best be waking up, or we're going down  
Way down

If you got love
