

Hot Mess

Hedley

I'm up, I'm up, I'm up,
W T F?
Who called the cops why am I under arrest?
Is this your name tattooed on my chest?
Oh my hot, hot mess.
Every, every, every single time
you pull me back down to the scene of the crime.
Trouble never looked so God damn fine.
Oh my, oh my!

Here we go again I've got a sin I really need to confess.
Dirty little friend, I'm addicted to your madness.
Come on give me some more.
You're a disaster in a dress.
Oh my hot, hot mess.

Puttin it puttin it back together piece by piece
took a bottle from the party and then blamed it on me.
Got caught gettin naughty in your friends' back seat.
Oh my hot, hot mess.

It's killing me killing me I can't stop.
Didn't mama always tell me
to not get mixed up with the pretty little girls
Who like to play rough?
oh my oh my (oh my, oh my!)

Here we go again I've got a sin I really need to confess.
Dirty little friend, I'm addicted to your madness.
Come on give me some more.
You're a disaster in a dress.

So let us play with fire now.
Some girls just wanna watch the world burn down.
Wanna watch the world burn down.
Wanna watch the world burn down.
Here we go again! Dirty little friend!

Here we go again I've got a sin I really need to confess.
Dirty little friend, I'm addicted to your madness.
Come on give me some more.
You're a disaster in a dress.
Oh my hot, hot mess.
