

# I Won't Let You Go (Darling)

Hedley

Long steady road  
Oh travel, be kind  
I'm searching for some peace of mind  
The home that you know  
A home left behind  
Oh trouble, don't trouble this time.

And baby don't look back,  
Odds don't stack  
They just crumble down around you.  
Oh, you gotta go away if you wanna come back  
I won't crack I can't make a sound without you.

And even if it sounds crazy darling I won't let you go  
And even if it don't stop raining darling I won't let you go  
And even if the world's burning darling I won't let you go  
Even if it sounds crazy darling I won't let you go.

Know your way down your music, your town  
You never are walking alone  
A storm that won't wait, a heart that won't break  
Your mountains ain't made out of stone.

So baby don't look back odds don't stack  
They just crumble down around you  
Oh you gotta go away if you wanna come back  
I won't crack I can't make a sound without you.

And even if it sounds crazy darling I won't let you go  
And even if it don't ever stop raining darling I won't let you go  
And even if the world's burning darling I won't let you go  
Even if it sounds crazy, darling.

So Baby don't look back,  
Odds don't stack they just crumble down, around you.  
Oh you gotta go away, if you wanna come back  
I won't crack I can't make a sound without you

And even if it sounds crazy darling I won't let you go  
And even if it don't ever stop raining darling I won't let you go  
And even if the world's burning darling I won't let you go  
Even if it sounds crazy, darling I won't let  
You go

No I can't, No I never will, never ever would, No I never could let you go

No I just can't, No I never will, never ever would, No I never could  
let you go
