Never thought that I'd be, who I am now
Young nigga, I ain't never had no handout
I never thought that I could pull 100 bands out
I bet you wish you never turnt yo' back on me
I need drugs nigga, I been lonely
The fuck you know about being heartbroken, I been broken

Got no patience, I can't take it
Can't be around broke niggas, contagious
I need the paper, fuck being famous
Got moe' money that those niggas middle ages
He say he know me, niggas don't know me
Why the pussy niggas always wanna speak on me?
Fuck homies, got used to being lonely
Xans in my body nigga, I can't focus
Okay, look what I became
I was jiggin' iPhone's, I remember all them days
I be running up the pape', still ain't changed
Every night I been this close to blowing my brains out
I been feeling like life ain't the same now
Niggas fakin' acting like they snatching niggas chains off (What the fuck)
That shit ain't boss, third place, lame sauce
Lemme see that bitch one more time, I'ma take-off
I'ma break-off, I wanna break 'em

They gone make it look good, but be fakin'
Demons in my head, I can't shake 'em (Fuck)

Ion know nothing 'bout that man, I ain't shot him
I just touched another 50 bands, let's go shopping
Hope they think you a hoe bitch when I crash now
Best believe when that time come I'm flashing out
Bitch ain't wanna fuck when I was broke, she nasty now
I suggest everybody keep they distance

I was down on my dick, I'm the man now
Never thought that I'd be, who I am now
Young nigga, I ain't never had no handout
I never thought that I could pull 100 bands out
I bet you wish you never turnt yo' back on me
