

Embrace & Destroy

Heideroosjes

I have to say this is a nasty way to check out
I know things can be tough when you see no way out

And I want to catch you but it seems like my hands are
tied

Embrace your future
Destroy your past
If that's what it takes to get up, stand fast

I hope you stay but I can only pray you hold on
Focus for a moment on all the loved ones you'll walk out
on

And I want to give advice but you know more than I can
teach

Embrace your future
Destroy your past
If that's what it takes to get up, stand fast

You don't need to tell me, what life has done to you
You don't need to tell me, 'cause I can see right through

Embrace your future
Destroy your past
If that's what it takes to get up, stand fast
