

P.c.p.o.s.

Heideroosjes

You preach tolerance but hey, you act like a fascist
Never joke around, if I say 'nice chick' I'm a sexist

We sing about respect and unity in our scene
But what I see is p.c. purism, you know what I mean

Politically Correct Piece Of Shit
You kill fun in music, just get out of the pit!

Don't do that, just leave that,
we don't tolerate what you just said!

We should fight all -isms but where do we draw the line?
A funny joke about gays or white-trash? To me that's fine
