

Schizo

Heideroosjes

Voices, can't keep the voices quiet
Orders, it orders me to riot

It's pressure all I feel
Life is too f**kin' real

Obey, they tell me to obey
No one hears the things
Nasty thing they say

It's pressure all I feel
Life is too f**kin' real

Sex, violence, mutilation
Blood, hate, degradation

It's pressure all I feel
Life is too f**kin' real
Looking for a way out
But all I can do is shout
