

Bad Publicity

Heidi Montag

No such thing as bad publicity

Love to hate, I can tell it's jealousy
I'm getting paid while you live in misery
Make no mistake, I'll go down in infamy
Infamy, yeah

Sex sells and you're buying
I'm not even trying
No point in denying
Guess it's true what they say

No such thing as bad publicity
Talk my name, I know you're missing me
Good or bad, don't say it differently
No such thing, no such thing
As bad, bad, bad, bad, bad publicity
As bad, bad, bad, bad, bad publicity

So obsessed, is my face in your dirty dreams?
Are you out of breath running your mouth about me?

Sex sells and you're buying
I'm not even trying
No point in denying
Guess it's true what they say

No such thing as bad publicity
Talk my name, I know you're missing me
Good or bad, don't say it differently
No such thing, no such thing (No such thing)
As bad, bad, bad, bad, bad publicity
As bad, bad, bad, bad, bad publicity

I don't have to play nice to be in the headlines
Can't get me off your mind (Woah)
I don't have to play nice to be in the headlines
Can't get me off your mind (Woah)

No such thing as bad publicity
Talk my name, I know you're missing me
Good or bad, don't say it differently
No such thing, no such thing
As bad, bad, bad, bad, bad publicity
As bad, bad, bad, bad, bad publicity

Publicity
Publicity
Bad publicity
No such thing as bad publicity
