Insomnia

Heir Apparent

A bead of sweat keeping tempo
An unrelenting clockwork
Past day's regrets
Spinning endless
'Round and 'round it goes
Chasing the dream

Silence whispers softly
Hiding in the corners of the night
Silence whispers to me
Spiraling disorder 'til the morning light

Unto thee I pray
Thoust guarded me all day
Safe I am while in thy sight
Safely let me sleep tonight

Ticking of the clock
Angels laughing
Demons on parade
Past day's regret
Shades of darkness
Twilight masquerade

Silence whispers softly
Hiding in the corners of the night
Silence whispers to me
Spiraling disorder 'til the morning light

Insomnia

'Round and 'round it goes
Angels laughing
Demons on parade
'Round and 'round it goes
Shades of darkness
Twilight masquerade

'Round and 'round it goes
'Round and 'round it goes

Insomnia
Silence whispers softly
