When it rains
I still look for you along while making the raindrops my beat
I'm not ok, not even tomorrow
It's obvious that longing will wake me up, not my alarm
I want to hug you and hold onto you, who was once mine
I want to see myself in your twinkling eyes
I'm living in regret after letting you go
If you ever hear this song
Please just listen and forget about it

Don't come back to me
Don't look at me, just pass me by
Because you have to be happy
Be happy with someone who resembles you

Ok, this is a song that longs for you
But don't misunderstand
Cuz this isn't a song to make you come back
I'll be honest, I wanna go back
Everything is still in my phone
But now I know
She's better for you than me

Don't fool yourself
I'm just something you can use in your lyrics
I'm nothing to you
This song won't even last 4 minutes
And our love wasn't small enough to fit in it
Just tell me to piss off so I can easily understand
I don't understand things like "this breakup is for you"
If that's not it, then stop this song immediately
And come hug me like nothing happened

Don't come back to me
Don't look at me, just pass me by
Because you have to be happy
Be happy with someone who resembles you

If I ever call you
If I'm ever waiting for you in front of your house
Turn off your phone on rainy days
It'll just be for a moment, it's all a show
Don't get weak and think carefully
You struggled because of my selfish ways
Even when you were out with your friends
You were too nice and always had to worry about me
You don't deserve to be unhappy
I'm not confident to be a good person like you
So there's no other way but to let you go
I don't expect you to understand

Don't turn away like this
How can I be happy with someone that's not you?
I have to be happy
So I need you, I need you
