I don't need no more

With a hat pulled down low

Try to hide my swollen eyes and step out

From this day forth

My tears are for myself only

From this day forth, I'm gonna throw out

This unnecessary inconvenience called love

Let's forget the girl who existed only for you

Those promises that once put a smile on my face

I don't care

I don't care no more

It only took two to three words

To put an end to us

As if it never happened

I liked us better as strangers, exchanging hellos

We never should have met

The harm you've done  
Flows like poison in my veins  
I feel so sorry for myself  
Because of you, I never got to see the flowers bloom  
My heart is now frozen solid in the cold

From this day forth, I'm gonna throw out  
This unnecessary inconvenience called love  
Let's forget the girl who existed only for you

Those promises that once put a smile on my face  
I don't care  
I don't care no more  
It only took two to three words  
To put an end to us

Those nights I felt frozen in time, alone  
Were just signs of my weakened heart  
Now I know

As if it never happened  
As if it never happened  
As if it never happened  
As if it never happened

I don't need no more
