

Tribes of the Future

Helalyn Flowers

We are dust - we are rain
The choice that no one
Has the courage to make

We are the people of the urban attrition
Generation of the virtual emotions
Born aside the collapse of your system
No regrets, no remorse, not your victims

Tribes of the future tribes of tomorrow
Sons of collapsing time
Wireless survivors

Tribes of the future tribes of tomorrow
Sons of collapsing time

We are life - we are mess
The deeper calling of your inner excess

We are the people of the urban attrition
We are the miracle of human affliction
Generation of arsenical essence
Resurrection of a tribal resistance

Born aside the collapse of your system
No regrets, no remorse, not your victims

Tribes of the future tribes of tomorrow
Sons of collapsing time
Wireless survivors

Tribes of the future tribes of tomorrow
Sons of collapsing time
Wireless survivors

We are the tribes of the future
React now before it's too late
RE-ACT-NOW!

Tribes of the future tribes of tomorrow
Sons of collapsing time
Wireless survivors

Tribes of the future tribes of tomorrow
Sons of collapsing time
