

Killer Barracuda

Helen Reddy

Look into water
See the barracuda
Patient as the devil
Hanging still
Like a shadow in the water
Pretty barracuda
Dagger of the devil
Waiting to kill

Little girl beware of the killer barracuda
He rules these waters like a king
He'll cut your heart out slicker than a dagger
Not 'cause he's hungry just 'cause he's mean

You can see the shark, girl
Glidin' through the water
Ugly as death, girl
Eats anything
But the pretty barracuda
Don't touch no garbage
Takin' what he wants to
'Cause he's king

You can't scare him or entice him
He wouldn't move for the devil, 'til his own time
Then quicker than a heartbeat
He'll turn you away girl
Just to see you fall
And leave you dyin'

Little girl beware of the killer barracuda
He rules these waters like a king
He'll cut your heart out slicker than a dagger
Not 'cause he's hungry
Just 'cause he's mean
