

Nothing Good Comes Easy

Helen Reddy

Watchin' how our lifelines wind around each other
Thinkin' 'bout the good times and the bad
Recalling all the joy and pain we've given one another
It's a wonder we haven't driven each other mad

But nothin' good comes easy
No matter how bad you wish it would
And it costs us a lot keepin' what we got
But, we got somethin' good
We got somethin' good

Lookin' back on all the twistin' trails we traveled
All the crazy changes we've gone through
And knowin' how the ties that bind
Can tend to come unraveled
It's a wonder you're still with me and I'm still with you

'Cause nothin' good comes easy
No matter how bad you wish it would
And it costs us a lot keepin' what we got
But we got somethin' good
We got somethin' good

Tryin' not to grow apart
While we both try to keep on growin'
It's got to be some kind of an art
Just tryin' to keep a good love goin'

'Cause nothin' good comes easy
No matter how bad you wish it would
And it costs us a lot keepin' what we got
But we got somethin' good
We got somethin' good

'Cause nothin' good comes easy
No matter how bad you wish it would
