

As Long As You Are Mine

Helena Paparizou

Stuck all alone and without sight
Just walked along the street
Wished for a miracle to come
So tired of being me
'Cause I give in in every fight
I was afraid to feel
You came with glory way too bright
And finally I could see

I'll battle every fight
A soldier in the night
As long as you are mine
And I'm not afraid to try
Not afraid to cry
As long as you are mine

Sometimes I dream away so high
I almost touch the sky
Follow me up but bring me back
You keep me safe on ground
When life's a mess and I'm uptight
No time for you and me
You come with glory, bring me life
And finally I can see

I'll battle every fight
A soldier in the night
As long as you are mine
And I'm not afraid to try
Not afraid to cry
As long as you are mine

I'll battle every fight
A soldier in the night
As long as you are
O-o-o-o-o-oh O-o-o-o-o-oh O-o-o-o-o-o-o-o-oh
And I'm not afraid to try
Not afraid to cry
As long as you are mine
