Helix

Thought that i was over you  
Done with feeling down and blue  
But here comes that heartache once again

Easy come  
It's so easy to fall in love  
Easy go  
It's so easy to break a heart  
Your life goes on  
But mine it just comes apart  
What's it take to  
Make you

Something i remeber  
Reminded me of you  
Like that cold day in december  
Your memory it haunts me still

Easy come  
It's so easy to fall in love  
Easy go  
It's so easy to break a heart  
Your life goes on  
As for me i just play the part  
What's it take to  
Make you

Breakdown you got me on my knees  
Breakdown  
How can i make you see that

I don't wanna be loved  
By nobody but you  
I don't wanna be touched  
By nobody but you  
How can i take no for an answer  
What's it take to  
Make you
