

Christine

Helix

High heels and mini skirts
Cruise on down the avenue
I hear talk about how she looks
Ha, if they only knew

She's got legs
Right up to her neck
She's got legs
With a one fish net
Drives the boys insane
Well when my lady comes a struttin'

Ow

(Christine) I love the way you walk
(Christine) Uh-huh, ooh yeah
(Christine) Come on
make your body talk
(Christine)

All the boys, though they try
Well, they're just wasting time
As for me now, I should know
Well that girl, she's mine

She's got legs
Right up to her neck
She's got legs
And a fly fish net
Drives the boys insane
Well when my lady comes a struttin'

Ugh!

(Christine) I like the way she walks
(Christine) Ooh yeah, uh-huh
(Christine) Come on
make your body talk
(Christine) Yeah

(Christine) I like the way you walk
(Christine) Ooh yeah, uh-huh
(Christine) Make your body talk
(Christine) Yeah, talk to me

(Christine) I like the way she walks
(Christine) Ooh yeah, uh-huh
(Christine) Come on
make your body talk
(Christine) Ooh yeah

(Christine) I like the way she walks
(Christine) Ooh yeah, uh-huh
(Christine) Make your body talk
