Helix

Alright!

Takes two to tango, come on let's dance  
I love when you go crazy stepping to the band  
You keep on rolling like a wheel  
You make me dizzy and you make me feel

Ooh ooh ooh-ooh ooh-ooh ooh-ooh ooh

So, come on over to me  
I wanna get, I wanna get

(Closer)  
Yeah (Closer)  
Come on, closer to you (Closer)  
Yes, I do  
(Closer)  
Come on (Closer)  
Come on over (Closer)  
I wanna get closer to you

You're an attraction when you move  
You drive me nervous in your knee-high leather boots  
When we're together, we make quite a pair  
With my outrageous and your purple hair

Ooh ooh ooh-ooh ooh-ooh ooh-ooh ooh

So, come on over to me  
I wanna get, I wanna get

(Closer)  
So slide on over (Closer)  
Closer to you (Closer)  
Yes, I do  
(Closer)  
I wanna get (Closer)  
I wanna get (Closer)  
Closer to you

You make me weak in the knees  
My heart starts to pound  
Girl, when you shake that thing  
You get me high I'm never coming down  
I'm never coming down

I just wanna get

(Closer)  
I wanna get (Closer)  
I wanna get (Closer)  
Closer to you, yeah  
(Closer)  
Come on, so slide on over (Closer)  
(Closer) Slide on over  
Closer to you

Slide on over, slide on easy (Closer)  
Right up to my side (Closer)  
When you put your arms around me (Closer)  
Girl, you know I can't deny  
When we're together, it's so easy (Closer)  
Wrap your love around me, squeeze me (Closer)  
Everything you do to please me makes me wanna get (Closer to you)  
Closer, closer  
Closer to you, yeah
