

# Hangman's Tree

Helix

His momma cried when she heard the news  
Of the crime that he had been accused  
Said he shot him down  
So at the age of 21  
The gavel fell and his life was gone  
They said take him to the hangman's tree

Chorus

Now won't you take him to the hangman's tree  
Won't you take him to the hangman's tree  
Won't you take him  
Take him to the hangman's tree

And so he waited for that day  
Locked inside those prison walls of gray  
Waiting for the end  
Without a fight he gave his life  
Eye for an eye legal suicide  
His escape was complete

Chorus

Good God take him!

Now won't you take him to the hangman's tree  
Won't you take him to the hangman's tree  
Won't you take him  
Take him to the hangman's tree  
To the hangman's tree  
No! No! No! God no! NO!

Now they're taking him  
Whoa down from the hangman's tree
