

# Let's All Do It Tonight

Helix

Well, I wake up when the sun's warm  
I go to bed in the morning light  
I'm a rock 'n' roll animal and I only come out at night

Let's all do it tonight  
Let's all do it tonight  
It's been a long day, so whaddaya say  
Let's all do it, do it tonight

If you're lookin' for a party  
If you're lookin' for some fun  
Come out with the band, we'll give you a hand  
Let's get it on!

Let's all do it tonight  
Let's all do it tonight  
It's been a long day, so whaddaya say  
Let's all do it, tonight

Are you in the mood, in the mood for a party?  
Are you in the mood, in the mood for a party?  
Are you in the mood, in the mood for a party?

Looking for some action  
Cruise on down the street  
Turn your radio louder  
Listen to the beat

Let's all do it tonight  
Let's all do it tonight  
It's been a long day, so whaddaya say  
Let's all do it, tonight

Let's all do it tonight  
Let's all do it tonight  
It's been a long day, so whaddaya say  
Let's all do it, do it tonight

Let's do it tonight  
Let's do it tonight  
Let's do it tonight  
Tonight!
