She keep me from the work I do
She like to do it in the morning too
She puts sugar in my coffee cup
She goes down when I get up
Ha ha!

She keep me happy what can I say
I got to be at work on time today
But her body like a new Corvette
I know I'm late but I ain't done yet

Chorus

I got to run to catch the mainline
(Mainline)
I hurry hurry to be work on time
She keeping me up all night
I got to run to catch the mainline

She keep me from the work that I do
We do it in the morning too
Pick up my check at the end of the day
I find I'm down a couple hours pay
Yeah yeah!

Chorus

It stop

I'm running running running
It drives away
It didn't see me coming
