

# Never Gonna Stop The Rock

Helix

Let's go  
Yeah yeah  
Alright

When the heat is off and the sun goes down  
I'll take you to a place where the action's found

Oh, drive out west, pushin' 99  
There's a place I know across the borderline

I first heard the word on my daddy's knee  
Well, in '55 it was the place to be

Where the neon sets the sky alite  
Every night's a Saturday night  
I won't get no summertime blues

And we're never gonna stop (Never gonna stop)  
Never gonna stop the rock  
And we'll never give it up (Never give it up)

No, we're never gonna stop (Never gonna stop)  
Never gonna stop the rock  
And we'll never give it up (Never give it up)  
Never gonna stop

Well I'll meet you boys in the parking lot  
I got a bottle in the back, gonna give it a shot

We got money in our pockets 'cause we just got paid  
It's the time and the place, we got it made

Oh you know

Workin' all week is such a drag  
It's the only way  
Savin' it up 'til the time is right

And we're never gonna stop (Never gonna stop)  
Never gonna stop the rock  
And we'll never give it up (Never give it up)

No, we're never gonna stop (Never gonna stop)  
Never gonna stop the rock  
And we'll never give it up (never give it up)  
We're never gonna stop

No, no, no, no, never gonna stop

Oh, hit it

Oh, we're never gonna stop (Never gonna stop)  
Never gonna stop the rock  
And we'll never give it up (Never give it up)

No, we're never gonna stop (Never gonna stop)  
Never gonna stop the rock

And we'll never give it up (Never give it up)

No, no, no

Where the neon sets the sky alite  
Never gonna stop

Every night's a Saturday night  
Never gonna stop

Whoa yeah!  
Never gonna stop the rock
