

Never Want To Lose You

Helix

Time, there's been so much time
So many changes ohh along the way
You were with me from the very start
Always there when i needed you
You gave me the strength
You gave me the purpose to carry on
And i

Never wanna lose you
Never wanna say goodbye
Never wanna lose you
If i do, well i think i'll i die
Never wanna lose you
Baby, you're the only one
Never wanna lose you
Don't leave me here, alone

Dreams, dreams that come true
You giving me, oh, all that i need
You were always in my heart
Always, on my mind
So far away, but i know when i say
That i

Never wanna lose you
Never wanna say goodbye
Never wanna lose you
If i do, well i think i'll i die
Never wanna lose you
Baby, you're the only one
Never wanna lose you
Don't leave me here, alone
Never wanna lose you
Never wanna say goodbye
Never wanna lose you
If i do, well i think i'll i die
Never wanna lose you
Baby, you're the only one
Never wanna lose you
Don't leave me here, alone
Never wanna lose you
Never wanna say goodbye
Never wanna lose you
If i do, well i think i'll i die
Never wanna lose you
Baby, you're the only one
Never wanna lose you
Don't leave me here, alone
