

White Lace & Black Leather

Helix

You, you say you're sugar and spice
You, you say you're everything nice
Oh you, you try to act so cool
But honey, i ain't nobody's fool

Give me hot and cold fever
You're a real upsetter
Ya, they say that you're a teaser
You're white lace and black leather
Oh yeah, you're white lace and black leather

Well you know what i'm talkin' about
Don't ya

You, you say you're spiders and snakes
You, you think you got what it takes
Oh yeah,yeah,yeah,you, you try to act so cool
But honey, i ain't nobody's fool

Give me hot and cold fever
You're a real upsetter
Ya, they say that you're a teaser
You're white lace and black leather
Oh yeah, you're white lace and black leather

Sock it to me honey
You're white lace and black leather
Oh yeah, you're white lace and black leather

White lace, black leather
White lace, black leather
White lace, black leather
White lace, black leather
