Helix

You, you say you're sugar and spice  
You, you say you're everything nice  
Oh you, you try to act so cool  
But honey, i ain't nobody's fool

Give me hot and cold fever  
You're a real upsetter  
Ya, they say that you're a teaser  
You're white lace and black leather  
Oh yeah, you're white lace and black leather

Well you know what i'm talkin' about  
Don't ya

You, you say you're spiders and snakes  
You, you think you got what it takes  
Oh yeah,yeah,yeah,you, you try to act so cool  
But honey, i ain't nobody's fool

Give me hot and cold fever  
You're a real upsetter  
Ya, they say that you're a teaser  
You're white lace and black leather  
Oh yeah, you're white lace and black leather

Sock it to me honey  
You're white lace and black leather  
Oh yeah, you're white lace and black leather

White lace, black leather  
White lace, black leather  
White lace, black leather  
White lace, black leather
