

Playing with Fire

Helker

I'm broken
I'm falling
I'm on the edge
I'm hiding
I'm calling
I know you're there
I'm looking you dark soul
I'll make you bleed
I'm waiting
I'm coming
I'll make you pay

I can't believe all what you did to me
After I gave my life
All your promises are gone
I can't believe I didn't realize, it's all so clear now
I will erase your dreams

You are playing with fire
I'm hiding in the dark
My heart is full of hate, it's not a cold revenge,
I'm gonna enjoy crushing your lies

I'm watching
I'm ready
I test my bile
I'm crazy
I'm eager
To take you down
