

I Should Never Have Been Here in the First Place

Hell Is For Heroes

Stand tall, got license
On the brink of extinction
Silence is compliance
You know you'll get burned, if you play matches
If you fall for stories or follow their lead
And there is no reason
And there is no rhyme but you have to believe

Lights out, don't fear this
Abandoned shipwrecks in your heart
Burning out
Star dust dancing in the light
The end has begun
Put your best foot forward
Just to look to the future, the past is defeat
Forget what I told you
Remember the answers are not what you need

Should never have been here in the first place
I thought it was over
I tried to forget but I could not forgive
And there is no reason
And there is no reason
Just unfinished business
Our black hearts are bleeding
And burning for justice
